## Sunreef Yachts Announces Three Premieres at The Cannes Yachting Festival 2016

With four yachts on display including three spectacular debuts, the Sunreef Yachts shipyard will be a massive presence at the upcoming Cannes Yachting Festival 2016 held between the 6th and 11th of September at the Vieux Port in Cannes.

### The World Premiere of The Sunreef Supreme 68 Power Catamaran

After premiering the Sunreef Supreme 68 sailing concept at the Singapore Yacht Show, the Sunreef Yachts shipyard decided to unveil the power version of the revolutionary Sunreef Supreme 68 range.

The cutting-edge yacht offers innovative design solutions opening a new chapter in the history of the luxury yachts industry.

The radical concept of her superstructure allows to open her saloon both on the cockpit and the sides to obtain an immense space where the exterior and interiors merge.

She also sports superyacht features such as a voluminous aft garage with a lounging platform

and prime storage for the tender, jet skis and water toys.

All her living spaces are entirely customized and manufactured to her Owners' bespoke requirements.

### The European Premiere of The Sunreef Supreme 68 Sailing Catamaran – *Midori*

*Midori* (Japanese for green) is the shipyard's second release of the Sunreef Supreme 68 sailing model.

Showcased among this year's Sunreef Yachts' Cannes line-up, she is the first of the range to be officially presented in Europe.

Her Owner's inspiration was to create a harmoniously conceived yacht reflecting the tranquility and moderation of the Japanese aesthetics and philosophy.

With a breathtaking 300 sqm of living space, Bram Van Scharen appointed as interior designer for the project had a genuine superyacht interior to work with.

Together with the shipyard's team of designers he developed a signature décor immune to trends and unique in style.

The yacht is equipped with an aft garage and a mast frame fixed at flybridge level with a carbon-made transversal arch-shaped beam

which allows to keep the saloon's surface entirely open.

*Midori* will join the company's stand in Cannes after her first Med. season in the Balearic Islands.

### The European Premiere of The Sunreef 74

Launched in 2015 the eye-catching Sunreef 74 – *19th Hole* is another novelty among the yachts exhibited in Cannes.

This sleek and sporty sailing catamaran with a true Italian soul has 2 seasons in the Mediterranean behind her, but it will be her first time to shine in the Vieux Port.

She will also be the very first Sunreef 74 to be presented in Europe by the shipyard.

A spacious, seaworthy yacht, easily handled by two, the Sunreef 74 offers an amazing combination of luxury and performance.

With unlimited options for customization and space arrangement, she has become one of the shipyard's most appreciated yachts.

Meticulously designed, with her smart layout, *19th Hole* is known to be the perfect pick for a luxury charter and the expression of the original dolce vita.

## The 2016 Pomorskie Rendez-Vous Goes “Big”

An American, a Brit and a Scot board a plane; fly to Poland; collect their luggage; hop a cab; check into their hotel; and share a cocktail in the lobby. This is pretty ordinary for seasoned business travelers such as these. But the business they are about to undertake is nothing less than extraordinary.

These three individuals represent the leaders in their fields – together, they are a veritable powerhouse. They are not here by accident, they were chosen. Chosen because their presence will add to the bottom line – both in business and in life.

As one would imagine, they are no strangers to the finer things – luxury, elegance and rarity. They embody the spirit of their success – confident, resilient and always moving forward. Yet this event was beyond even their expectations – an immersion into the best our world has to offer, a feast for the senses.

When you walk through the doors, your senses are immediately engaged. Firstly with excitement, followed by wonder, leaving you with serenity as you settle into your comfort zone. There is nothing rushed here, every experience is intended to be savored by the guest – at their own pace, in their own way.

*Francis Lapp, Sunreef Yachts' CEO, with his wife Katarzyna, right, and Polish singer and superstar Edyta Gorniak.*

High fashion and style lead the show as over 800 guests arrive. From glitterati to classic Armani, each individual represents as a walking piece of art. Aston Martin, Luftansa and Vasari are among the crowd; as are Albert Riele, Bosendorfer and G.H. Mumm. Actually, over 50 luxury brands in the world of yachting, automobiles, aviation, jewelry, development, new technologies, sporting and premium libations are here catering to the same target audience.

The event gives a unique opportunity to share experiences, exchange information and build lasting relationships through personal and business synergies. This was the third year for this particular event and, as they say, it just keeps getting better with age.

What we are talking about is the 2016 Pomorskie Rendez-Vous organized by Sunreef Yachts, the world leader in the design and construction of custom-made sailing and power catamarans.

Who we are talking about is The Catamaran Company, the exclusive dealer in the US, Canada and Caribbean for Sunreef Yachts as well as the leading meeting place for catamaran buyers and sellers worldwide.

Why are we talking about this? We would like to bring a select few with us next year.

If you are interested in the high-end luxury catamaran market, our new “gobig” initiative may be right for you. Get expert advice. Obtain access to likeminded owners. Be among the first to know. Invitations to exclusive events. Get behind the scenes. Click [here](#) to apply.
