New concepts • Tenders • Yachts for sale

What is *The World* really about?
The best model-maker you'll ever see
Ron Holland's yachting adventures

The sheer SPACE available to guests is IMPRESSIVE, allowing for lots of OPTIONS

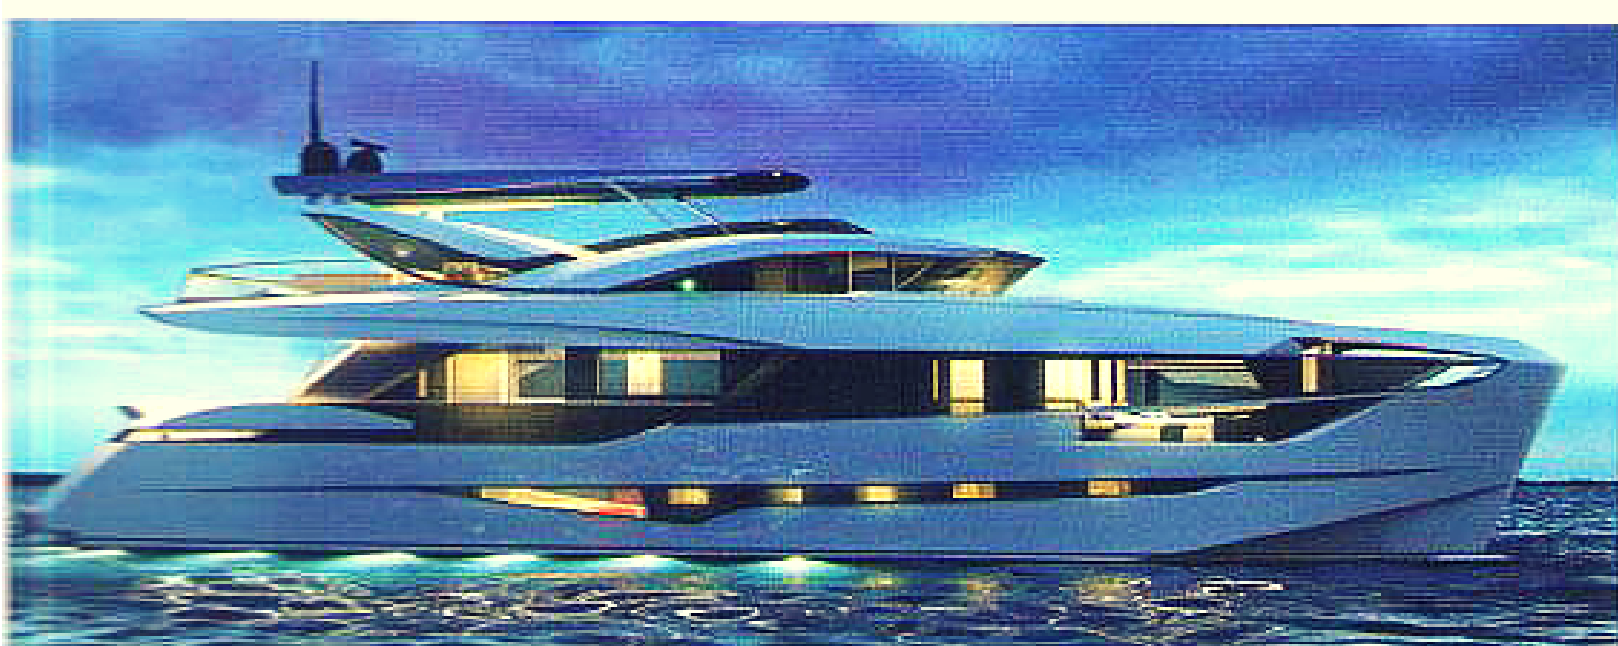

MANIFESTO

Designer VPLP

Why is she so special? When VPLP started to design the Manifesto concept, the key requirements were space, stability and low running costs, which led the team to the catamaran form. She can cross oceans, but the 2.95-metre draught means she can also cruise

shallower waters. The sheer space available to guests is impressive, allowing for lots of options – whether you want some privacy, or to spend an afternoon in more sociable surroundings with fellow guests. That spacious toy garage will be full of distractions, too.

Look out for The pond and Japanese rock garden on the main deck, visible from the mezzanine-like upper deck. **DATA** LOA: 71.4m. Beam: 22.0m. Top speed: 20 knots. Guests: 12. Crew: 18. **Contact** www.vplp.fr **Stand location** QAA16

DOMINATOR 26M ILUMEN

Designer Alberto Mancini

Build in carbon-fibre composite, this 26.6-metre takes the theme of light very seriously, from the big windows throughout to the impressive under-water illuminations. **Contact** www.dominatoryachts.com **Stand location** TBC

SUNREEF 115

Designer SunreefYachts

A 35-metre with all the space you'd expect of a cat of this size. At main salon level, there's a gym and an office. The owner's cabin forward has amazing panoramic views. **Contact** www.sunreef-yachts.com **Stand location** QAA52
