LAGOON SEVENTY8

Gradi se iznimna jahta

Od samog početka namjera tvrtke VPLP i navalnih arhitekata studija Nauta Design bila je podariti modelu Seventy8 DNK velike jahte. Seventy8 stiže u svijet motornih jahta određen ključnim riječima, a to su udobnost, luksuz, profinjenost i autonomija. Dojmljivo dinamična silueta, nakošena krma impozantnih dimenzija i nježni oblici krova upućuju na prostranost interijera i bezvremenski su elegantni. Razvoj ove jahte govori o nastojanjima kuće Lagoon da predstavi novost na području gradnje i dizajna, a od modularne gradnje do besprijekorne kvalitete sve govori o jedinstvenoj kvaliteti.

An exceptional boat

From the very beginning, the objective of the VPLP and Nauta Design architects in conceiving the Seventy8 was to equip this boat with a large yacht's DNA. The Seventy8 marks the entry into a new Motor Yacht world where comfort, luxury, refinement and autonomy are the defining words. Her asserted and dynamic silhouette, enhanced by a beveled stem, and the soft forms of her roof give way to large interior spaces which finishes reveal a timeless elegance. The development of this Motor Yacht underline Lagoon's drive to innovate in terms of manufacturing and design. Her making based on modular construction and an unrivaled command of the manufacturing quality attest to a unique expertise, confirming all the site's reputation.

SUNREEF YACHTS

Sunreef 88 Double Deck

Kuća Sunreef Yachts uspješno je lansirala model Sunreef 88 Double Deck, jedrilicu agresivnog, sportskog izgleda koja u svojem segmentu odgovara superjahti. Ova custom gradnja potvrđuje stručnost brodograditelja i kreativnost njegova pristupa gradnji iznad osamdeset stopa. Kao i sve jahte serije Double Deck, i ova ima polurazinu u salonu i prostranu vlasničku kabinu s panoramskim pogledom preko pramca glavne palube. Inovativna kompozitna struktura skriva impozantne kabine i vrlo veliku blagovaonicu u salonu. Sunreef 88 Double Deck naglašeno je luksuzno izveden i opremljen, a na više od 300 četvornih metara nudi obilje prostora, ali to ne umanjuje njegove performanse. Raspored ove jahte, uređenje interijera i tehničke osobine mogu biti do posljednjeg detalja prilagođeni željama naručitelja. Ovaj jedinstveni katamaran je šesti primjerak Sunreefa koji se može nazvati superjahtom. Nakon niza testova, jahta će uskoro na prvo putovanje svojem novom vlasniku.

Sunreef 88 Double Deck

Sunreef Yachts successfully launched the Sunreef 88 Double Deck - a sailing superyacht with an aggressive, sporty look. This custom-built craft demonstrates the shipyard's expertise and creative approach to multihull design in the range over 80ft. All yachts in the Double Deck range feature a mezzanine level inside the saloon and a spacious master stateroom with a panoramic view in the bow part of the main deck. The innovative composite structure not only conceals generous living spaces but also allows for massive alfresco dining and lounging areas. The Sunreef 88 Double Deck puts the emphasis on luxury, performance and privacy while offering over 300m² of living space. Her layout, interior design and technical features are entirely customized and adapted to her Owner's exact expectations. This unique catamaran is Sunreef Yachts' sixth superyacht construction. After a series of tests and sea trials, the yacht will be on her way to meet her Owner for the maiden cruise.

Sunreef Yachts gradi luksuzne katamarane već 15 godina: besprijekorni brodovi iz Gdanjska u Poljskoj, gdje se nalazi brodogradilište te kompanije, pripadaju najekskluzivnijim višetrupnim plovilima na svijetu. Sjetimo li se 34-metarskoga modela Sunreef 114 Che ili kompaktnijih motornih jahta, jasno je da je Sunreef Yachts vodeći svjetski graditelj luksuznih katamarana. S druge strane, prije smo rijetko vidali jahte tog proizvođača na Jadranu, premda se radi o značajnom čarterskom tržištu u usponu - na kojem se dvotrupni brodovi itekako traže. Ove godine, međutim, zamijetili smo u našim vodama motorne katamarane Sunreef Power Skylark i Sunreef Power Clouds; oba duljine 70 stopa, koji bi trebali najaviti značajniju prisutnost tog brodogradilišta na Jadranu. Osim što je poznato po prijateljskom odnosu prema budućim vlasnicima u procesu definiranja i gradnje jahte vrhunske kvalitete, ovo brodogradilište nudi svjetski priznatu mrežu čartera koja unajmiteljima diljem svijeta omogućuje smanjenje troškova, te pristup i djelovanje u svijetu čartera. Sunreef Yachts Charter, produžena ruka brodogradilišta, slavi ove godine desetu obljetnicu, kao ugledna agencija s bogatim iskustvom u pružanju sveobuhvatnih usluga u luksuznom čarteru, uključujući menadžment, marketing i posredovanje u prometu jahtama za iznajmljivanje. Ta kompanija djeluje kao centralni agent u iznajmljivanju flote luksuznih jahta raspršenih po najpoželjnijim čarterskim odredištima, međunarodno priznata kao pouzdan partner vlasnicima jahta, posrednicima u preprodaji i rastućem broju izuzetne klijentele. Za naš časopis, direktorica Joanna Kozak prokomentirala je hrvatsko tržište čartera: 'Zaista, u Hrvatskoj je sve veća potražnja za unajmljivanjem luksuznih katamarana duljih od 50

Sunreef Yachts has been building luxury catamarans for 15 years now. The bespoke yachts come from Gdansk in Poland, where the company's shipyard is located, are the most exclusive multihulls in the whole world. If we just consider the Sunreef 114 Che (34m) or their more compact motor yachts, we can clearly recognise Sunreef Yachts as the world's lead-builder of luxury catamarans. On the other hand, we have not seen a lot of their yachts in the Adriatic, it is currently an emerging, propulsive market, with charter catamarans in high demand. This year we see some of their yachts, such as the 70ft motor cats, 70 Sunreef Power Skylark and 70 Sunreef Power Clouds in our waters, which could be a sign of a stronger presence from this shipyard in the Adriatic. Furthermore to being owner-friendly in the defining and building yachts with excellent quality, this shipyard offers a unique service of world-recognised charter networking, helping owners around the globe to reduce the cost of entering and operating within the world of charter. This year marks the tenth anniversary of Sunreef Yachts Charter, which is simply an extended arm of the shipyard. Established in 2007, Sunreef Yachts Charter is a reputable charter agency with extensive experience in providing comprehensive services within the luxury yacht charter industry, including charter management, yacht marketing and charter brokerage. As the main agent and charter broker located in the most desirable, worldwide charter destination, Sunreef Yachts Charter is recognised internationally as a reliable partner by yacht owners, charter brokers and a continuously growing number of the company's esteemed, charter clientele. Joanna Kozak, director of the company, commented on the Croatian market for us, here at Yachts Croatia: 'There is indeed a growing demand for luxury charter catamarans over 50ft, both sailing and power, in Croatia, which is a perfect destination for an exciting, island-hop-

stopa - ta je zemlja savršeno određeno za uzbuđuju plovitbu. Višetrupni brodovi se odlikuju nizom prednosti u odnosu na jednorupne jahte, pa su idealan izbor za svakoga tko želi luksuzan odmor bez kompromisa kad je riječ o udobnosti i stilu. Zamjećujemo sve veću popularnost katamarana brenda Sunreef Yachts kod međunarodne čarterske klijentele koja cijeni njihov osebujan dizajn, raspored cjelina prikladan za korištenje u najmu, majstorski izvedene palubne površine i neusporedivu razinu udobnosti na moru. Također, zahvaljujući obilju skladišnog prostora, naši katamarani nude bogat izbor vodenih igračaka i opreme za sportove na vodi, pružajući tako velike mogućnosti zabave na moru prikladne za svaku dob.' Kozak napominje da je unajmljivanje dvotrupnih brodova Sunreef Yachts uvod u nezaboravno iskustvo zbog nekoliko razloga, a glavni izvire iz toga što te jahte nisu samo promotori čartera, nego i sposobnosti njihova graditelja. Kaže se da je prvi dojam ipak samo dojam, te da ga treba dograditi uslugom, stoga klijent od trenutka kada stupi na palubu dobiva uslugu s pet zvjezdica u svim aspektima čarterskog iskustva. Naime, iskusna posada - na raspolaganju

ping trip. Multihulls present a number of benefits over monohulls and are the ideal choice for anyone wanting a luxurious vacation without compromising on style and comfort. We are continuously seeing an increase in popularity of Sunreef Yachts catamarans among multinational charter clientele who value their customisable design, charter friendly layout, masterfully arranged deck areas and an unparalleled level of comfort at sea. Moreover, thanks to their extensive storage space, Sunreef Yachts catamarans offer a rich assortment of water toys and water-sport accessories, providing charter guests with wide selection of fun, water activities that are suitable for all ages.' She adds that chartering a Sunreef Yachts catamaran is a most memorable sailing experience for numerous reasons. The main reason being that their service does not only 'advertise' the charter, but the entire brand and the possibilities of Sunreef Yachts, as a builder itself. As the old saying goes, the first impression is the last impression, so special attention has been given to service. From the first moment guests step onboard, they are given a five-star, level of service in every aspect of their charter experience. An experienced, client-oriented crew which includes a professional chef as standard, goes above and beyond to meet all requirements and satisfy any individual preferences

unajmiteljima - standardno uključuje i profesionalnog kuhara koji će izići ususret svim zahtjevima i udovoljiti osobnim željama gostiju. Prema njihovim zahtjevima utvrđuje se plovidbena ruta, sastavlja plan aktivnosti na moru i kopnu, slaže jelovnik kakav odgovara gostima (uključujući zasebne za djecu ili putnike alergične na neke namirnice). Velika se pažnja posvećuje raznim aktivnostima, za koje je veliki katamaran jednostavno savršen - od sunčanja i kupanja u moru do objedovanja na otvorenom ili opuštanja na velikom natkrivenom gornjem mostu, u kokpitu ili eksterijerima na glavnoj palubi (sunčalištima, mreži među trupcima). Zabava na moru uključuje skijanje, vratolomije na dasci, jedrenje zmajem, ronjenje, plovidbu kajacom ili daskom za veslanje stojeći, plivanje pomoću Seaboba, ribolov i mnoge druge aktivnosti. Plovi se do najslikovitijih mjesta, po izboru gostiju, bilo da je riječ o popularnim turističkim odredištima ili udaljenim, rijetko posjećivanim područjima, što je moguće zahvaljujući tome što su jahte ove kompanije raspoređene po cijelom planetu. Gastronomija je dio suvremene svjetske kulture, pa je i ona područje na kojem Sunreef Yachts Charter briljira: brodski chef smatra svojom odgovornošću razmaziti goste remek-djelima koja će oduševiti i najzahtjevnije gurmane. Na kraju, savršene mogućnosti smještaja čine te luksuzne jahte nenadmašima: njihovi interijeri nude opuštanje u vrhunskom komforu i stilski oblikovanim velikim salonima idealnim za druženje i elegantnim kabinama bogato opremljenim svim modernim uređajima. Katamarani Sunreef Yachts jamstvo su uspješnog i nezaboravnog odmora u plovidbi, itekako vrijednog ponavljanja. Povrh svega, za hrvatske čarterske agencije oni su prigoda za kvalitativno obogaćenje njihovih flota brodovima visoke preprodajne vrijednosti, čime je Sunreef Yachts garancija dobrog ulaganja.

of the guests. Starting with a customised sailing itinerary, a plan of offshore and onshore activities, through to a personalised menu, prepared in accordance to guests' food preferences, including special options for children and guests with food allergies. We live in an active world and much attention has been placed on adventure, for which large catamarans are simply ideal. During their trip on a Sunreef Yachts catamaran, guests may choose from a relaxing variety of activities including sunbathing, alfresco dining or relaxing in the shade on the yacht's spacious flybridge (sunpads, dining area), cockpit (lounging and dining area) or outdoor front area (sunpads, nets). Water activities range from waterskiing, wake boarding, kite surfing, diving / scuba diving to kayaking, paddle boarding, swimming with a Seabob, fishing and more. Sailing to the most picturesque yachting spots is based on guest preference - it can be a charter around the most popular tourist destinations or rather a cruise around remote, less visited areas. This is possible due to a great network of yachts, spread across the entire planet. Gastronomy as an element of modern world culture is also one area where Sunreef Yachts Charter excels. Set within the most breathtaking views, the yacht's chef will make it his or her personal responsibility to spoil guests with the most delicious culinary masterpieces, which will delight even the most demanding gourmards. Ultimately, the superb accommodation possibilities that these comfortable, luxury yachts provide are hard to beat. Relaxing in the most comfortable and stylish conditions of the yacht's interior, including its large saloon area, which is perfect for socialising and its elegant cabins, well equipped with all modern amenities. Sunreef Yachts catamarans are a guarantee of a successful and memorable sailing vacation, which will most certainly be worthy of repeat to clients. For Croatian charter companies, it is a great opportunity to add an extra dimension to their fleets, with the resale value of Sunreef Yachts acting as an assurance for their investment.
